	2008	Fellow Of College Of Anaesthesia,

	<p>Overseas Qualifying Exam, Ireland</p> <p>Sept 2011 ATLS provider</p> <p>April 2014 ACLS provider</p>
Specialist Training	<p>APPOINTMENTS HELD:</p> <p>Senior Resident at All India Institute of Medical Sciences in Department of Neuroanaesthesia March 2002 – May 2005 with postings as senior resident in:</p> <p>Department of Anesthesia, All India Institute of Medical Sciences from 15th Feb 2003 to 30th Nov. 2003.</p> <p>Experience in cancer surgeries at Indian Rotary Cancer Hospital, All India Institute of Medical Sciences from 1st Sept.2002 to 31st December 2002.</p> <p>Consultant in Department of Anaesthesia and Intensive Care, Ministry of Health, Kuwait 2005- September 2014.</p> <p>Senior Consultant Neuroanaesthesia in Max Smart Superspeciality Hospital, Saket. Sept 2014-August 2016.</p>
Current Position	<p>Head and Senior Consultant Neuroanaesthesia and critical care in BLK Superspeciality Hospital, Pusa road, New Delhi.</p> <p>Manage Neuroanaesthesia, Neurointerventions and Neurointensive care in the present institute.</p> <p>Involved in teaching DNB students</p>
	<p>In AIIMS:</p>

Prior experience

Managed Neuroanesthesia, Neurointensive care and neuro interventions independently

In Kuwait:

I was part of the team for **infection control and antibiotic policy of the ICU.**

My duties involved providing anaesthesia in elective and emergency surgeries to all surgical specialties like Neurosurgery, surgery, orthopedics, obstetrics & gynaecology, urology, Gastrointestinal surgeries, Paediatric surgery, Plastic surgery, ENT surgeries, day care and outpatient procedures like MRI, CTscan.

Teaching responsibilities-

- There was continuous medical education programme under which seminars, journal presentations and case discussions are held regularly in department and in country. I am also involved for **teaching nurses and junior residents.**
- Involved in **teaching residents in Kuwait board of different specialities during their ICU postings.**
- ***Participated as Instructor of upper limbs blocks in the workshop at 5th Kuwait anesthesia and critical care conference 2013***
